New Market Township

Subject: Resident Purchase of Dust Control

Dear New Market Township Resident:

New Market Township is offering to its residents gravel road dust control. The Township will be applying dust control of 150' for each resident. The cost of this is paid from the Township's regular budget. Each resident can purchase additional footage of dust control. Dust control will be applied in late May or early June.

Payment must be received by **May 20, 2010**.

Residents interested in purchasing additional dust control should complete the information below and return it to the Township by mail.

Print Name: _____

Address: _____

City:_____

State:_____ Zip Code:_____

Footage of additional dust control (must be 100' increments):_____
And will cost **$45 per 100 feet.** Total cost will be: _____

Send form and check to : New Market Township
8950 230th St
Lakeville, MN 55044

Important Notes:
All footages are estimates based upon the measurement device in the application vehicle,
All orders must be in 100 foot increments,
No dust control will be applied before payment is received,
Additional dust control will be applied to the ends of the initial section (50% to each end) unless the resident marks the roadway otherwise or there are instructions included with the check,
Routine maintenance, including grading will continue to be done.
